Diversity and Inclusion in UK Nuclear is a non-profit industry led organisation. Our aim is to complement the great work and initiatives that are already happening, and to provide support and enablement at an industry level nationwide.

Specifically, we are:

- **ADDRESSING** all aspects of diversity
- **SHINING** a spotlight on best practice in the UK nuclear industry so that we can see what is working in inclusion and diversity
- **BRINGING** ideas, expertise and lessons learned from other industries and from inclusion and diversity experts
- **CREATING** material, newsletters, workshops and events that are open to everyone in our sector
- **PROVIDING** a safe space for people to share information, ask questions and learn

To make a real difference and to achieve meaningful systemic change, this must be a team effort from all of us in the UK nuclear industry. Here are a few examples and suggestions of how you can get involved. Please feel free to contact us with any other ideas you may have at info@dinuclear.com:

**I am interested but I don't have a lot of time or resources available to get involved**

- Read an article or newsletter on our website www.dinuclear.com or LinkedIn or Twitter feeds.
- Create a post with some information that others may find of value.
- Share content with colleagues and people in your network.

**I want to support this initiative and I am willing to allocate some of my time, expertise or resources. This would be a one-off commitment to start with, and no obligation to make it a regular thing**

- Write an article or blog post.
- Attend a webinar or workshop.
- Come up with an idea for a workshop or webinar.
- Identify some examples of best practice from other industries that we can learn from and share them with us.

**This is something I am willing and able to commit time, effort and resources to on an ongoing basis**

- Please contact us to discuss how you could provide ongoing and valuable support. We respect that everyone is individual and we will aim to define a way to contribute that works for you e.g. writing an article, or helping organise a workshop/webinar.

**I am in an INDIVIDUAL in the UK Nuclear Industry**

- Read an article or newsletter on our website www.dinuclear.com or LinkedIn or Twitter feeds.
- Create a post with some information that others may find of value.
- Share content with colleagues and people in your network.

**I am in a LEADERSHIP position with responsibility for allocation of time and resources within my organisation**

- Share the information on our website and LinkedIn or Twitter feeds.
- Encourage colleagues to get involved if they can and spread awareness.
- Lead by example – live the values of inclusion and diversity every day and set an example to people in your organisation.

**I represent AN INITIATIVE OR ORGANISATION in the diversity and inclusion space**

- Share the information on our website and LinkedIn or Twitter feeds.
- Encourage members to get involved if they can and spread awareness.

Let us know if there is something we can do to support your initiative or align the work we are doing more effectively.

**Where to find us:**
